Laura,

I talked to him Tues and told him what to do.
I will call and verify.
I will take care of his application quickly.
He does not have to restrict the sites of his label, provided he is selling in 4 lb containers.

Thank You,

Daniel B. Peacock, Biologist

Subject: rodenticide labeling question.

Bo and Jen,

I got a call from Charles Cochran who has a warfarin product Reg # 7537-2. He also left a voice mail for Dan.

He needs to sell in 4 lb buckets and to put "in and around agricultural buildings"restriction on his label. He is out of stock and does not want to produce under his old label and so needs to move quickly.

He asked what language he needs to indicate the ag building use and how he can move this along quickly. I believe that the language is in the label table on the mitigation decision, but I don't know how to "move it quickly"....

Mr Cochran's number is 330-674-5167. Can one of you call him or me?

Thanks,

Laura
